

COURSE OUTLINE – (FT03-02) PROGRAMMING WITH THE TA

Overview

The attendees will be doing exercises dealing with locking, saving and creating relationships with Business Object Entities. We will also be looking at persistence, enums and class extension.

Objectives

To practically use the TA and see some of its uses for development.

Who should attend?

Java developers involved in the technical development of the FINEOS Solution

Pre-requisites

Attendees should have a working understanding of java and should have attended the TA Overview.

Formats & Duration

Training Format	Description	Maximum number of attendees	Duration
Classroom	An instructor-led session combining a blended learning approach of theory and knowledge checks	6	One Half Day
