

COURSE OUTLINE – (FT05-01) DOCUMENT PRODUCTION

Overview

Attendees will be taken through the configuration and set up of templates. They will see where the template information comes from and goes to in the model. We will build some templates using business logic and model criteria.

Objectives

To allow the attendees to be able to develop customised word templates with business logic so they may be generated automatically.

Who should attend?

Java developers involved in the technical development of the FINEOS Solution

Pre-requisites

Attendees should have a working understanding of java and HTML.

Formats & Duration

Training Format	Description	Maximum number of attendees	Duration
Classroom	An instructor-led session combining a blended learning approach of theory, hands on exercises and knowledge checks	6	3/4 Day
