

COURSE OUTLINE – (FT05-05) DATA PROVIDERS

Overview

Attendees will be taken through the configuration and set up of data providers within process composer. We will then develop custom data providers accessing the data model.

Objectives

To allow the attendees to be able to develop customised data providers as part of process composer.

Who should attend?

Java developers involved in the technical development of the FINEOS Solution

Pre-requisites

Attendees should have a working understanding of java.

Formats & Duration

Training Format	Description	Maximum number of attendees	Duration
Classroom	An instructor-led session combining a blended learning approach of theory, hands on exercises and knowledge checks	6	One Half Day
